

DIGITALVODKA · COMPANY ASSETS · V105.0.30

End User License Agreement

Version 7 - Effective September 7, 2026 - ships with v105.0.30

Windows and Linux · v105.0.30

Licensor: DigitalVodka · www.digitalvodka.com

Read this before you install or use the program. Installing, copying, clicking I Agree, or using Company Assets means you accept this agreement. If you do not agree, do not install it and delete the files. Version 7 replaces Version 6. It keeps the Version 6 liability waiver and adds: commercial use (not a consumer warranty), no HIPAA / ERISA / PCI / SOC certification, you carry insurance, a gross-negligence / willful / fraud carve-out so a state cannot void the whole waiver, and a local I Agree record on this PC.

1. Who this is between

This is a license from DigitalVodka (Licensor, we, us) to the person or company using Company Assets (you). The software, documentation, demo data, installers, phone Staff Help page, Help Alert companion, and related files are the Software. This is a license, not a sale.

2. License grant

We grant you a limited, non-exclusive, non-transferable, revocable license to install and use the Software on computers you own or control, for your internal business operations, while you comply with this agreement. Demo mode is for evaluation only. A paid activation key unlocks the licensed limits described in the program. You may make one backup copy of the installer. You may not use Demo, Try in browser, or sample data as a production record of living people or real vendor accounts. Names of people, vendors, and companies in Demo (including Harbor North, Cedar & Pike, Blue Lantern, Silverpine, Northwind, Larkspur, Ironwood, and Stonebridge) are fictional sample data. They are not real businesses and are not affiliated with, sponsored by, or related to any real company. Any resemblance to actual names or businesses is coincidence.

3. Commercial use - not a consumer warranty

You represent that you license the Software for internal business operations, not as a consumer purchase of household goods. We offer no written warranty. If a consumer-protection law (including the Magnuson-Moss Warranty Act or a state consumer statute) applies anyway, then: (a) we still offer no written warranty; (b) AS IS and the waiver apply only to the maximum that law allows; and (c) any implied warranty that cannot be disclaimed lasts only for the shortest period that law requires. Nothing in marketing, Help, or papers is a written warranty.

4. What you do not get

You do not buy the copyright, trademarks, source, encryption design, or DigitalVodka name. You may not rent, sublicense, or resell the Software as your own product. You may not remove copyright notices. Reverse engineering is allowed only where a law says you must be allowed to, and then only to that extent.

Activation keys are licensed to your organization. Do not post keys on the public internet.

5. Your data stays on your computers

Company Assets is a desktop program for Windows, macOS, and Linux. Inventory, people, vendor files, vault items, tickets, notes, and exports are stored in folders you choose (typically Documents/CompanyAssets) on machines and shares you control. We do not host your database. We do not see your share key, passwords, mailbox tokens, photos, or employee records.

6. Optional features you turn on

Staff Help, Help Desk, Help Alert, Staff email, Google or Microsoft mailbox sign-in, SSO, the password vault, vendor portal logins, shared folders, OneDrive or network sync, export/import, Print PDF, and Try in browser are optional. You decide whether to enable each one. Enabling a feature is your choice and your risk.

7. Staff Help, photos, Help Desk, and Help Alert

Staff Help is an emailed phone page (Add to Home Screen). Invented codes such as TEST cannot unlock Staff Help or encrypt a ticket. You must have the legal right and any required consent to photograph workplaces, badges, screens, or people. We do not receive those photos or tickets.

8. Mailbox, SSO, and third-party logins

If you connect a mailbox or SSO, you authorize that provider and accept its terms. Tokens live on your computers. We do not see them. SSO does not create program logins. You still provision User Management.

9. Vault, vendor sites, and personal data

Vendor passwords, MFA notes, personal emails, and cell numbers are stored because you typed them. Encryption reduces risk. It does not make a leaked share key or an unlocked laptop safe.

10. No compliance certification

The Software is a desktop record-keeping tool. DigitalVodka does not certify, warrant, or represent that the Software is HIPAA compliant, HIPAA certified, ERISA certified, PCI DSS certified, SOC 1 or SOC 2 attested, ISO certified, or that using it makes you compliant with any law. Vendor fields such as SOC report date, ERISA fidelity bond amount, and last review are YOUR records, not an audit by DigitalVodka. We are not your ERISA fiduciary, investment adviser, HIPAA business associate, CPA, or lawyer. Help, manuals, and marketing that mention HIPAA, ERISA, SOC, PCI, or compliance describe optional fields or third-party products. They are not a certification.

11. Insurance is yours

You are responsible for your own insurance, including cyber, errors-and-omissions, fiduciary liability, crime, and ERISA bonds. This license is not an insurance policy and is not a substitute for one. Many E&O; and cyber policies exclude ERISA fiduciary claims; that is your coverage question, not ours. DigitalVodka does not represent that it carries E&O; or cyber insurance for your use of the Software.

12. You are responsible for security, backups, and access

You keep the share key and passwords secret. You decide who may open the company folder. You make backups. A password on an export cannot be recovered. Activation from Demo empties sample data - that is intended. Uninstall never deletes Documents/CompanyAssets.

13. Try in browser is not the licensed program

A browser preview is evaluation only. Do not put real employee or vendor secrets in a browser tab. The licensed product is the desktop installer.

14. Privacy law and consent are yours

You comply with employment, privacy, tax, records, biometric, and workplace-photo laws, including GDPR, UK GDPR, CCPA/CPRA, and similar rules where they apply. We are not your DPO, lawyer, or IT department.

15. Acceptable use

You will not use the Software to commit a crime, to steal credentials, to store data you have no right to store, or to secretly record people where the law requires notice or consent.

16. No warranty - AS IS

THE SOFTWARE IS PROVIDED AS IS AND AS AVAILABLE, WITH ALL FAULTS. TO THE MAXIMUM EXTENT PERMITTED BY LAW, WE DISCLAIM ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT, AND ANY WARRANTY THAT THE SOFTWARE WILL BE ERROR-FREE, SECURE, OR UNINTERRUPTED, OR THAT DATA WILL NOT BE LOST, CORRUPTED, OR ACCESSED BY OTHERS.

17. Liability waiver

BY CLICKING I AGREE, INSTALLING, COPYING, OR USING THE SOFTWARE, YOU KNOWINGLY AND VOLUNTARILY WAIVE, RELEASE, AND FOREVER DISCHARGE DIGITALVODKA AND ITS AFFILIATES, OWNERS, OFFICERS, EMPLOYEES, CONTRACTORS, AND SUPPLIERS FROM ANY AND ALL CLAIMS, DEMANDS, DAMAGES, LOSSES, COSTS, AND CAUSES OF ACTION, WHETHER KNOWN OR UNKNOWN, ARISING OUT OF OR RELATED TO THE SOFTWARE, OPTIONAL FEATURES, YOUR DATA, STAFF HELP PHOTOS AND TICKETS, HELP ALERT, MAILBOX OR SSO, VAULT ITEMS, SHARED FOLDERS, ENCRYPTION, KEYS, BACKUPS, DEMO, TRY IN BROWSER, THIRD-PARTY SERVICES, CONSULTANTS, OR THIS AGREEMENT. THIS RELEASE COVERS ORDINARY NEGLIGENCE TO THE MAXIMUM THE LAW ALLOWS. IT DOES NOT RELEASE LIABILITY FOR OUR GROSS NEGLIGENCE, WILLFUL MISCONDUCT, OR FRAUD WHERE A LAW FORBIDS THAT RELEASE. IF A LAW WOULD VOID A TOTAL NEGLIGENCE WAIVER, THIS RELEASE IS AUTOMATICALLY NARROWED TO THE MAXIMUM THAT LAW ALLOWS (DROPPING ONLY THE PART THAT LAW FORBIDS) AND THE REST, INCLUDING THE DAMAGES CAP, STAYS IN FORCE. YOU ASSUME ALL RISK OF DATA LOSS, UNAUTHORIZED ACCESS, BUSINESS INTERRUPTION, AND HOW YOUR STAFF USE THE PROGRAM. YOU COVENANT NOT TO SUE US FOR WAIVED CLAIMS. YOU WAIVE ANY LAW THAT WOULD OTHERWISE LIMIT A RELEASE OF UNKNOWN CLAIMS (INCLUDING CALIFORNIA CIVIL CODE SECTION 1542 AND SIMILAR LAWS) TO THE EXTENT THE LAW ALLOWS. Clicking I Agree is your signature on this waiver. This waiver does not apply to liability the law says cannot be waived.

18. Limitation of liability

If any claim is not waived, then TO THE MAXIMUM EXTENT PERMITTED BY LAW, DIGITALVODKA AND ITS AFFILIATES, CONTRACTORS, AND SUPPLIERS WILL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES, OR FOR LOST PROFITS, LOST REVENUE, LOST DATA, BUSINESS INTERRUPTION, PRIVACY OR PUBLICITY CLAIMS, OR COMPUTER DAMAGE, EVEN IF ADVISED OF THE POSSIBILITY. OUR TOTAL LIABILITY FOR ALL CLAIMS IN THE AGGREGATE WILL NOT EXCEED THE AMOUNT YOU PAID US FOR THE ACTIVATION KEY THAT IS THE SUBJECT OF THE CLAIM IN THE TWELVE MONTHS BEFORE THE CLAIM. IF YOU USE THE DEMO AND HAVE PAID NOTHING, THAT AMOUNT IS ZERO. IF A LAW WOULD VOID THIS CAP, THE CAP IS NARROWED TO THE MAXIMUM THAT LAW ALLOWS AND THE REST STAYS IN FORCE.

19. Indemnification

You will defend, indemnify, and hold harmless DigitalVodka from claims arising out of your use of the Software, data you store, photos and tickets, mailbox or SSO, your employees, your sharing of the database, or your violation of this agreement or of law.

20. High-risk use

The Software is not designed for life-support, emergency dispatch, aviation, nuclear, or other high-risk environments.

21. I Agree record on this PC

Each computer that runs the Software must click I Agree for this version. That PC stores a local record of the EULA version, the program version, the date and time (UTC), and the User ID if someone was signed in (otherwise before-signin). Settings, Status shows it. The file is in the program folder (.ca-eula) and this PC's storage. It is not a DigitalVodka hosted log. We do not receive it. A second PC does not inherit I Agree from the shared list.

22. Updates, keys, and support

We may change the Software and this EULA in a later version; using that later version is acceptance of the new terms. Purchase keys at www.digitalvodka.com. Support contact is www.digitalvodka.com only.

23. Term and termination

This license lasts until you stop using the Software or we terminate it for your breach. Your copies of Documents/CompanyAssets remain your data. Surviving sections include 3-21, 24, and 25.

24. Governing law

This agreement is governed by the laws of the United States and the state of the Licensor's principal place of business, without regard to conflict-of-law rules. Exclusive venue is the state and federal courts in that place. You waive class actions and jury trial to the extent the law allows.

25. Entire agreement

This is the entire agreement for the Software. Notices: www.digitalvodka.com. This document is a legal agreement, not personalized legal advice.

Company Assets EULA Version 7 · DigitalVodka · Windows, macOS, and Linux. This document ships next to the installers and is shown on first run.
